CLIPLEX® TURNKEY SOLUTIONS

BE EMPOWERED FROM START TO FINISH

1 |

AUSSIE INNOVATION

Getting feedback from farmers on the ground and making the most of Aussie ingenuity, Clipex® idea's are transformed to make Australia's best animal handling and fencing products.

2 |

AUSSIE OWNED MANUFACTURING

In 2009 the Olsson family set up a Australian owned manufacturing plant in China. Today Clipex® produces over 200 market leading products from their Australian family owned factory.

Clipex® distributes its products to all 6 continents, providing innovative solutions not just to Australia, but to the world.

3 |

SHIPPED WORLDWIDE

We not only want to supply great product to our customers, we also want to deliver exceptional service. This is why we have opened our own Clipex® stores putting local feet on the ground. We design, manufacture and deliver direct to you, ensuring you get the best product with exceptional service.

4 |

DIRECT STORE OUTLETS

FULLY CUSTOMISABLE,
BUILT AND COMPLETED
BY OUR VERY OWN CLIPLEX® TEAM

5 |

TURNKEY INSTALLATION

A COMPLETE SOLUTION PROVIDER

We are driven by our on-going commitment to produce innovative farming solutions that make farming life easier, safer and are built to last.

The dedicated team of Solutions Specialists, Engineering and Installations experts at Clipex work hand-in-hand with our clients to ensure that our purpose-built turnkey solutions are tailored to meet their individual needs.

1

WE DESIGN

Our team of world-class engineers and technicians lead the way in producing often patented products and solutions that outperform in the industry.

2

WE MANUFACTURE

We manage our own manufacturing plant ensuring the quality of our products is always maintained.

3

WE SUPPLY

We supply and deliver direct to you; Australia wide.

4

WE INSTALL

We provide complete turnkey installation solutions nation-wide.

5

WE SERVICE

Our service team of certified technicians will help keep your Clipex equipment performing optimally.

6

WE SUPPORT

From ongoing consultations to training and technical advice, our team of experts will support you when you need it.

TESTIMONIAL
VIDEO NOW!

AUTO PRE-CATCH

Automatically preloads sheep into the machine, which dramatically increases flow rates.

AUTO CATCHING

Automatically catches and clamps the sheep quickly for weighing accuracy. The catch position is also fully adjustable.

AUTO DRAFTING

Using a weigh indicator, the handler can draft up to 5 ways with a supported weigh scale indicator. The handler comes standard with 3 way drafting.

TILT TABLE

After sheep are caught, they can be tilted over at the press of a button on the control panel or via the wireless foot pedal.

TAIL ACCESS

A tail flap opens up for crutching and rear hoof access. When releasing the animal, it doubles as an anti-backing flap.

HEAD ACCESS

After the sheep are tilted over, the head flap opens up for wiggling, needling, mouthing, tagging and for access to the front feet.

CLIPLEX® SHEEP & GOAT HANDLER PLUS
